NOVA VENTURES · LOGO SYSTEM · FOR CLIENT APPROVAL

Flat lockups for everyday use

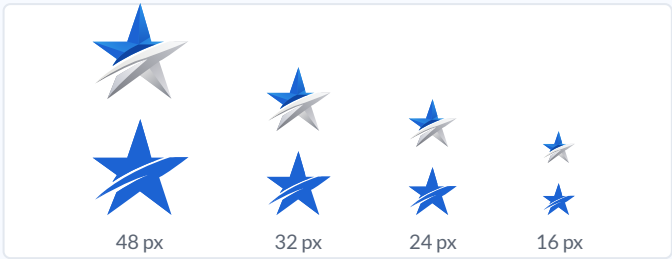

The same approved logo, with nothing redrawn. The star is Nova Ventures' own supplied flat star (all ten shapes, identical geometry) in Nova Blue #1C63D3, and the wordmark is the supplied artwork in the same size and position. The dimensional logo stays the signature for covers, signage and hero moments; the flat lockups carry everyday, small and single-colour use.
